Announcement of Opening of “Hotel Trusty Premier Kumamoto” on Wednesday, October 9

Resorttrust, Inc. (“the Company”) will open “Hotel Trusty Premier Kumamoto” (Chuo-ku, Kumamoto) on Wednesday, October 9.

This hotel is located in a large complex consisting of the “SAKURA MACHI Kumamoto” commercial facility, a bus terminal, the Kumamoto-Jo Hall, and other facilities, which will be a new landmark in Kumamoto City.

The new hotel will offer high-quality space and services to guests, including vacationers and business people, from Japan and around the world.

“Hotel Trusty Premier” is a high-end brand of “Hotel Trusty” offering greater luxury. In addition to the three concepts of the “Hotel Trusty” line, namely “Stylish,” “Comfortable” and “Valuable,” “Hotel Trusty Premier” offers another concept—“Dramatic.” The sublime lobby and the elegant café lounge provide an atmosphere in which guests can feel the dramatic anticipation of new stories to unravel when they enter.

The design concept of “Hotel Trusty Premier Kumamoto” is “Japanese spirit with Western touch.”

With a design inspired by the passionate spirit and energetic soul of Kumamoto, known as the “land of fire,” the space is characterized by dignity, elegance and grandeur. Up on the top floor, at a height of 60 meters offering panoramic views of Kumamoto Castle and the city, are a café restaurant, a teppanyaki restaurant, and other facilities created to captivate visitors with extraordinary experiences.

All guest rooms have a bathroom equipped with a shower booth. To ensure all guests enjoy a comfortable stay, there is a wide choice of room types to suit diverse needs and preferences.

All guest rooms have a tablet for smart access to the hotel guide and the latest information on restaurant fairs and other events.

“Hotel Trusty/Hotel Trusty Premier” comprises a total of ten facilities: three in Nagoya, two in Osaka, two in Tokyo, and one each in Kobe, Kanazawa, and Kumamoto.

“Hotel Trusty Premier Kumamoto” is the second facility under the “Hotel Trusty Premier” brand, following the opening of “Hotel Trusty Premier Nihonbashi Hamacho” on September 12 this year.

Exterior

Directly connected to the SAKURA MACHI Kumamoto Bus Terminal. High floors offer a view of Kumamoto Castle and the city. (The hotel occupies the portion of the building on the left that extends into the background.)

Guest room (Suite)

A suite on the 14th floor with a view of Kumamoto Castle. Distinctive décor featuring an artistic headboard framed by a black mirror surface.

Guest room (Double)

This room, with the contrast between the black vertical lines and the white headboard and featuring a wall on which golden ginkgo leaves are arranged, is based on a design concept inspired by Kumamoto Castle.

Private room

A private space on the upper floor of the hotel is available to suit various purposes, such as for a conference or dining. Guests can relish the view and the freshness of the open air on the terrace attached to the room.

Café restaurant “Cuore”

The big floor-to-ceiling windows offer guests a panoramic view of Kumamoto City and Kumamoto Castle that changes as the day proceeds from early in the morning until cocktail hours.
