**Announcement of Reopening “Hotel Trusty Nagoya Shirakawa”
on June 20, 2016 and Accepting Reservations from April 1**

Resorttrust, Inc. (“the Company”) will start accepting reservations for “Hotel Trusty Nagoya Shirakawa” on April 1, 2016.

The hotel has been operating as “Sun Hotel Nagoya Via Shirakawa” since its opening in December 1974, but has been undergoing renovations since January 2016 with the aim of enhancing customer satisfaction. In keeping with the renovation of facilities, we are renaming the hotel to “Hotel Trusty Nagoya Shirakawa,” and planning to reopen it on June 20, 2016.

“Hotel Trusty” is a new concept hotel offering “innovative hospitality meeting contemporary needs,” based on the concepts of “Stylish,” “Comfortable” and “Valuable.” “Hotel Trusty Shirakawa, Nagoya” is the eighth “Hotel Trusty.”

Guest rooms meticulously blend “elegant space” with “highly functional design,” creating simplicity through the use of a dark grey and light grey color scheme. Guest rooms offer in-room WiFi and duvet-type beds, while some are equipped with a built-in shower compartment in the modular bathroom.

“Hotel Trusty Nagoya Shirakawa” includes guest rooms for members of the Sun Members Club, and has also created guest rooms for patients of “HIMEDIC Nagoya” scheduled to open in summer 2016. “HIMEDIC Nagoya” is a screening facility for the early detection of diseases such as the three major lifestyle diseases (cancer, heart disease, brain disease), operated by HIMEDIC, Inc., which is a wholly owned subsidiary of the Company engaged in providing medical screenings under contract.
