FOR IMMEDIATE RELEASE

Company name	Resorttrust, Inc.
Representative	Katsuyasu Ito, President and COO
Code	4681, First Section of the Tokyo and Nagoya Stock Exchanges

## **“Midtown Clinic Meieki Opens” on the 5th floor of JP Tower Nagoya directly connected to JR Nagoya Station**

Midtown Clinic Meieki, a medical center offering comprehensive health screening programs and checkups, will open on Tuesday, October 17, 2017. Advanced Medical Care Inc. (Minato-ku, Tokyo), a member of the Resort Trust Group, provides operational support for Midtown Clinic Meieki.

The new clinic will occupy a floor space of about 650 tsubo (approx. 2,150 square meters) on the fifth floor of JP Tower Nagoya, a building that marked its grand opening in the spring of 2017 and has direct access (one minute on foot) to Nagoya Station. Along with its convenient location, a distinctive characteristic of this clinic is the separation of zones for men and women. It will be the only medical facility near Nagoya Station with separate zones for men and women from the waiting room to the examination room (except for certain examinations), realizing stress-free, comfortable checkups and comprehensive health screening programs. The clinic will also have a facility for internal medicine. Furthermore, the clinic has concluded a partnership with Nagoya City University (Mizuho-ku, Nagoya) with a view to future joint research and it will offer comprehensive medical support from examination through to follow-up and treatment based on the partnership.

Advanced Medical Care Inc. provides operational support to medical facilities, including Tokyo Midtown Clinic that opened in Roppongi, Tokyo, in 2007. “Tokyo Midtown Clinic” is the first medical facility in Japan offering outpatient care and checkups to obtain the JCI\* accreditation (ambulatory care), a global accreditation for health care services, for offering medical care under the concept of “offering patient safety and hospitality of a global standard.” “Midtown Clinic Meieki” adopts this concept and will be a new flagship facility in Nagoya. Capitalizing on the expertise of Tokyo Midtown Clinic cultivated for gaining of JCI accreditation and the expertise of the Resort Trust Group in hotel and restaurant operations and medical operations, Midtown Clinic Meieki will offer medical services with a keen eye on high quality and outstanding hospitality.

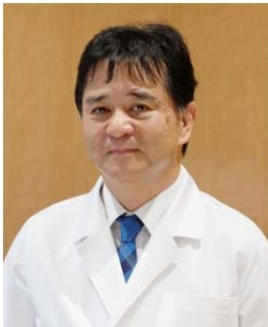

The Resort Trust Group has been expanding its hotel and restaurant business, the medical business, the senior lifestyle business, and the golf club business mainly through its membership business. In the Medical Business, the Group operates membership-based comprehensive medical support clubs offering high-precision medical examination services and provides operational support for various medical facilities. Together with the membership-based comprehensive medical support club HIMEDIC Nagoya, the opening of Midtown Clinic Meieki enables the Group to offer high-quality medical services to people in the Chubu Region and members of the Group’s services.

\*JCI is the abbreviation of Joint Commission International, a nonprofit organization established in 1994 as an international wing of The Joint Commission, which is an accrediting body for health care institutions in the United States.

JCI provides education and consulting services as well as evaluation services for international accreditation and certification to achieve ongoing improvement of the safety and quality of care in the international community.
